business with!*

sia Abrasives, Inc. USA
Your Key to a Perfect Surface

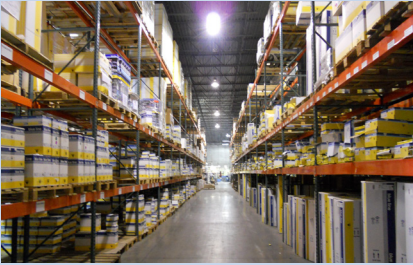

Welcome to sia Abrasives, Inc. USA

sia Abrasives develops, manufactures and sells complete sanding systems tailored to specific requirements and applications of all kinds, transforming sanding into surface technology.

sia USA is based in Charlotte NC, and serves the entire U.S. market from our 75,000 sq. ft. conversion and distribution facility. Over 70 associates are dedicated to offering 24 hour turnaround on our broad range of stocked items and 3-5 day turnaround on custom belts.

Easy to do business with

Our Customer Service staff receive ongoing training on sia Abrasives' products and applications and are dedicated to solving problems for our customers.

Our mission: making sia USA "Easy to do business with".

Strong local presence

Strategically located near the Port of Charleston, SC, sia USA converts the finest quality coated abrasives in the world from jumbo rolls produced in our world-class facility in Frauenfeld, Switzerland.

With our strong U.S. presence, we can guarantee local support, world-class quality jumbo rolls on hand, quick response time and effective delivery capacity.

**More than 130 years
of sanding know-how.**

Commitment to Training

Experienced, skilled training staff offer year-round product and application training for sia Associates and Distributor Sales Personnel.

We place a great deal of emphasis on adding value. Our Sales Professionals help to solve production problems and improve productivity by recommending **the right product for the right application.**

Our many years of experience ensure that you will find optimal solutions for all your abrasive needs.

Customized offer

We are dedicated to the perfect surface – regardless of the materials, whatever the demands. We have the right product, tailored to every job.

We also offer a broad range of custom wide belts including panel belts.

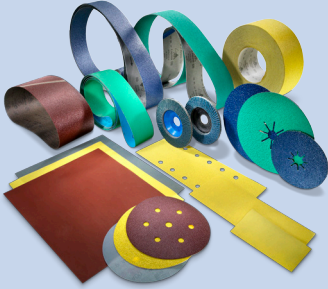

Abrasive products from sia Abrasives are manufactured with great care from selected raw materials, using the latest technology.

Our product range includes items for every kind of industrial and commercial application from coarse sanding to finishing and polishing work.

Innovative and competitive sia Products

sia Abrasives offers the full range of Abrasives.

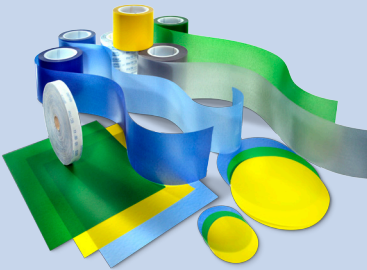

Coated Abrasives

Classic flexible abrasives and systems for conventional surface treatment on all types of material.

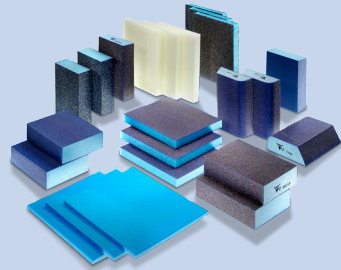

Nonwoven Abrasives

Nonwoven products for preparation and cleaning tasks and for surface preparation, especially on metal.

Microabrasives

Products on special polyester film to give defined surface structures in the graphic and automotive industries.

Foam Abrasives

Foam sanding pads in the widest possible range of shapes and grades for precision sanding on wood, fillers, paintwork and varnish.

We are proud members and supporters of A-D Affiliate Distributors, ISA, CPA and CAF A.
