

6130 siafleece hd

The basis for highest surface quality

The basis for highest surface quality

6130 siafleece hd has excellent features which ensure outstanding, consistently high-quality surface results. Whether on ferrous and non-ferrous metal or alloyed and non-alloyed steel.

- ▶ High flexibility for hard-to-reach areas
- ▶ Consistent sanding pattern due to improved grain consistency
- ▶ Increased lifetime as a result of the grain distribution through the fleece
- ▶ High tearing resistance
- ▶ Low clogging
- ▶ Burr-free sanding
- ▶ Can be used wet or dry

Product profile

Grit type:	Aluminium oxide Silicon carbide
Grit range:	60-80; 120-150; 220
Backing:	Nonwoven
Coating:	Mechanical
Bonding:	Resin over resin

Applications

- Finishing of stainless steel on grained surfaces (matt finish)
- Satin finishing of surfaces
- Finishing to prepare for coating and electroplating
- Weld blueing removal from stainless steel
- Removal of light oxide
- Light deburring
- Removal of casting seams

Use

Materials

Unalloyed / low-alloy steel; High-alloy steels; Non-ferrous metal; Ferrous metal; Stainless steel (inox); Stainless steel (inox)
